

**Mira Costa Boys Lacrosse  
Booster Club  
Welcome 2008-09**

October 16, 2008

Dear Players and Parents,

We have a new season of lacrosse upon us, and we want to personally welcome all of the returning parents and players and extend a special welcome to our new families.

MCHS Boys Lacrosse has developed a very strong program in just a few years, and it is all because of the strong support we have from the families and the commitment of our exceptional coaching staff.

We have very talented players and the ability to put that onto the field week after week is a testament to the coaches and the support the players get from their families.

Our goal is to have players that have a strong sense of the value of teamwork, pride, integrity and personal achievement. This will remain with our sons throughout their lives and help them through tough times and make them stronger men.

We, as an organization, are committed to developing hard-working, athletically-talented, academically minded lacrosse players. Our highly experienced coaching staff provides the highest quality training and instruction so that our athletes are prepared to become exciting and creative athletes on the field. We offer all of this while still trying to keep our costs affordable so that all interested players may have the opportunity to compete for our team.

We expect to have more than 70 players competing at the Junior Varsity and Varsity levels for the 2008-2009 season. All of the money that is charged for the program goes directly for the players and the support functions. We have a number of fundraisers planned for the year and hope to see you all there.

As you know, the booster club is run by volunteer parents for the players, and we are always looking for help. We had great parent participation last year and encourage all players and their families to take an active role in the Club. There is always a lot to do in managing the team. Please don't hesitate to contact us or any of the board members at any time.

We look forward to a great Bay League season. Go Mustang Lacrosse!!

Sincerely,

*Amy Debevec & Nancy Russert*
